

Warranty Schedule

It's easy to determine the length of your warranty and it's terms. Simply match the Warranty Code from your mattress law tag to the same code on this warranty schedule. The Sealy® Certificate of Limited Warranty will cover body indentations that are greater than the measurements listed below. Please note that the measurements must be taken when no one is lying on the mattress.

- Product with a warranty code **TC, TA** or **C3** where indentations or sagging (not associated with sag in foundation) of less than 1½" for Sealy® mattresses, IS NOT COVERED.
- Product with a warranty code **P3** where indentations or sagging (not associated with sag in foundation) of less than 1¼" for Sealy® mattresses, IS NOT COVERED.
- Product with a warranty code **S3** where indentations or sagging (not associated with sag in foundation) of less than ¾" for Sealy® mattresses, IS NOT COVERED.

If it is determined that an indentation is caused by misuse, abuse or factors other than a product defect, this Limited Warranty will not cover that condition.
